Dear Pat,

here's the copy of the film & video list. I've been trying to get hold of you for the past few days to tell you we have the opening date. The Everyman came through in the end, so we open there on Friday March 14.

Everything is very hectic at this end, Wileen and I are getting ads and a leaflet together at the moment, and there is another press screening arranged for Wednesday Feb 19 at 6.30. We are also having enormous problems with our GLC funding at the moment, which is wasting enormous amounts of time - we are in danger of losing our revenue funding for the current year due to admin problems at the GLC, and are having to continually lobby the politicians there. It won't effect the launch of 'Anne Devlin', but it makes things much more pressurised here.

I will keep trying to ring you, but perhaps you could try us as well? Do you still have the number which bypasses the answering machine: 01-251 4977, as we are often in the office when the machine is on.

Hope to talk to you soon.

Best wishes,

Penny

P.S. also enclosed copy of M.F.B. poster & interview.
