Dear Ian,

Please find enclosed Cinenova's activity report and financial analysis for 92/93 with our business plan and funding application for 93/94.

Word has reached Bethnal Green that you will be leaving Distribution at the beginning of January. We are therefore a little concerned as to who, where and in what capacity will be considering this application. It would be helpful to have some idea about this and also the time scale of the decision making process. In the meantime we will be pressing ahead with the production of the new catalogue and planning a national tour of New Wave Womens' films.

Many thanks for your support for Cinenova and your commitment to womens distribution, which has not always been a popular cause to champion. We wish you well in your new post.

Best wishes
