Dear Michelle,

Hope the rest of your holiday went well.

We all came back from Edinburgh with ideas of work that needed to be done around feminist film theory and hopefully will be writing some articles in the future. I will send you copies of anything I think might interest you and please do send us anything that you think might be of interest to us.

Enclosed is an International Money Order for 188 dollars and 75 pence (£85), which can be cashed without delay, for the cost of one print of Daughter Rite. If it is any more or less please tell us and we'll sort it out.

Enclosed also are two copies of the contract, make changes you feel necessary and please sign and send back to us both copies. We will then sign both copies and send back one to you.

When we send back a copy of the contract we will also give you an address in the States to send the film to. A

Send our regards to Ruby.
