Dear Eileen Mc Nulty,

thank you for the correction of your royalty statement.
We also got the Check.

But what we are more and more anxious about is, why we never got any money from the TV sale. We already have to pay taxes for it, as according to a letter from Jane Root : "the money comes in three lots: on signing the contract, on receiving the print and on 1st of november 1982".

We sent a print and all the other stuff TV needed already in March 82, since then we had been expecting the first two thirds, 75% of it, being 2.500 Pound and meaning a loss of 116 Pound interest in these 8 months. In the meantime the last third should have arrived also what happened to it?

Please send a check of 3.750 Pound within the next fortnight until December 14th 1982.

Best wishes

Cristina Perincioli
