Dear Co-op.

- A while ago I received back
my films from the Co-op.
- One of the films 'Soul Freeze'
was full of sloppy splices (repairs)
was wound backwards on the
reel, had crayon markings on
'The End' title and had no
leaders. The others seemed okay.
- There is still the matter of
the £4.20 owed. Please send
at once. (See letter)
