Dear Rose,

Thanks for your useful note. The business of looking after the technical side of installations throws a lot of gallery staff, but I'm reluctant to set up another scheme to address this, (not just because it would be a further drain on our funds) but because in some ways I feel it would just prolong the problem.

What I'd like to suggest at the moment is that we add this topic to the agenda of the seminar that the Arts Council Film and Video Umbrella are planning for gallery staff for early in the New Year (other topics being programming; commissioning e.g. how to use the Arts Council's new scheme). We might ask you to speak at this?

Best,

David Curtis  
Film and Video Officer
