Re: Cinenova

Dear Gill,

Please find enclosed a breakdown of Royalties for the year 1999 – 2000 split between UK and Foreign artists. I appreciate that this is not all the information you require but it would help us to have your agreement on this amount so we can work out the next stage of work that we need to do here, and estimate those costs.

The projected Royalties for 2000 – 2001 are £4,800 of which 50% are due to Filmmakers; we will need money for administration of these royalties.

Gill I will try and get figures for the other winding up costs of Cinenova, and forward them to you next week.

All the bests
