Dear Filmmaker

### Cinema of Women: Ten Glorious Years

I am writing to say how pleased I was to present this programme at the ICA Cinematheque last November, in conjunction with Cinema of Women.

I was extremely happy that I could showcase such a diverse and impressive array of work over a two week period in the form of a small festival celebrating the ten years of Cinema of Women's equally impressive work as distributor of feminist films and videos.

Please find enclosed a kit containing the ICA Bulletin listing the programme of screenings and talks that were organised, along with press cuttings and the press release that was sent out to promote the season.

I hope very much that I will be able to continue to screen such work in the very near future.

With best wishes  
Yours sincerely

Tim Highsted
