Dear Bob Cowan,

I'm sorry that I haven't replied earlier to your letter. From our records the Co-op owes you £4.20 from one booking of Soul Freeze last year. Rather depressing - for us as well as for you. And I'm sorry that you want your films back. I always hope that things will get better.

Peter Gidal is away at the moment, and I'm not sure how to arrange to get your films to you without customs problems. I'm sure the best thing is to have someone take them with them when they go to NYC. But who? Peter will know. ~~XXXXXXXXXX~~. So this is just to let you know that something is being done and that we are alive.

Hope spring in New York is o.k.

Yours sincerely,

MARY PAT UELCE
