Dear Irene,

You have been previously circulated with Business Plan draft 1 dated 23.10.92 for the LFVDA which I have prepared. I am writing to clarify the following points:

1. The budgets have been prepared according to the increases suggested in your letter to me of the 10th of August 1992, ie 2% in 93/94 and 4% in 95/95. A similar amount has been assumed for 95/96.
2. As regards the film, video and broadcasting appendix, this has not been prepared. The idea was that the board were supposed to discuss my Business Plan at its last meeting but it did not do so. It was my intention to supply the appendix after the draft business plan had been approved by the board. I hope this clarifies the situation.

Yours sincerely,

A handwritten signature in cursive script that reads 'Maureen McCue'.
